

International Drive Art Projects

Art on International Drive - The Traffic Control Art Box Program

Sponsored by Orange County, the ETC Stakeholder Group and the I-Drive District, this program is geared towards beautification and prevention of vandalism on International Drive. It is a project that uses private donations and sponsorships for funding. The art was completed by UCF students who are part of the AD Lab (Advanced Design Lab Division) at UCF for phase one. As the program expands more artists and schools will be brought in to participate in the program. The International Drive Art Program committee conducted a thorough design completion in early 2010. The committee had participants from the ETC, OCCC, OCSO, City of Orlando, Orange County Public Works and the District.

These boxes are along International Drive from Universal Boulevard to Central Florida Parkway with 14 beautified traffic control boxes.
